Webinar: Be Ready to Help When It Matters Most

When a crisis strikes, faith-based communities are often among the first places people turn for help, and support. Is your house of worship prepared to serve your community when supported most?

The Pennsylvania Office of Homeland Security is offering a community-focused webinar strengthening emergency preparedness, building partnerships with local responders, and learning how faith communities and other organizations can provide meaningful support before, during, and after a crisis.

Designed for houses of worship and safety teams, this session also welcomes nonprofits, school community organizations committed to serving their communities. Gain practical tools and resources to help your organization respond with compassion, coordination, and confidence.

Together, we can strengthen our communities and be better prepared to provide care, resources, and hope to our neighbors during times of crisis.

For more information or to register, use the QR code above, or contact Trina Schellhammer, Faith Office of Homeland Security, Public Engagement Manager, at tschellham@pa.gov.
