Watch WJAC or our Facebook or Twitter page for weather-related closing information.

Help Our County Get its Share of State and Federal Broadband Funding!

This is important! We have a real opportunity to improve internet access for everyone. Broadband internet is increasingly necessary for work, school, and personal use. But there is a January 9 deadline.

PLEASE! Learn about the new FCC broadband map, and how to challenge its inaccuracies. **The map's accuracy is crucial for the commonwealth as a whole, and also our county, to receive sufficient federal funding** to ensure high-speed internet access for all residents.

See what it says about your location here:

https://broadbandmap.fcc.gov/home Doesn't seem to match reality? Let the FCC know!

Need access to a computer and internet to check the map and report inaccuracies? Need help using them? The library can help! We are committed to helping area residents bridge the digital divide.

The Somerset County Library is also arranging to file a bulk challenge on behalf of area residents. If people interested in having the library submit a bulk challenge on their behalf could fill out this form at https://forms.gle/M8J55gb2i5RpwR3N7 , that would help pull the data together in the appropriate format by the PBDA deadline of January 9.

Send us your non-profit community events and we will share them! Drop off news items at the library or email to community@meyersdalelibrary.org.
